

INCIDENTS

ESO Fire Incidents eliminates the manual task of re-entering data from EMS calls to meet NFIRS requirements so your members can focus on more important duties.

Made for:

FIRE

FAST TO LEARN — AND EVEN FASTER TO USE.

Designed specifically for firefighters, Fire Incident's interface is intuitive and straightforward. Your members will appreciate both its ease of use and speed.

AUTOMATED NFIRS SUBMISSION.

Take the hassle out of submitting data to your state — ESO does the work for you automatically.

TRACK EXPOSURES.

Keep your crew safe with built-in features for recording exposures and documenting critical incidents.

DOCUMENT WITH CONFIDENCE.

Fire Incidents exclusive progressive validation sequence leads the user through the report. No more struggling to figure out what required elements are missing.

NO MORE REDUNDANT DATA ENTRY.

Why waste time inputting the same information multiple times for medical aid calls? With ESO Fire Incidents, you'll never again have to complete both an EHR report and an NFIRS report for the same call.

FROM A COMPANY YOU TRUST.

At ESO, we understand how first responders work because we've worn the uniform ourselves. Not only are our products designed for you — you'll feel like they were designed by you.
