

SCHEDULING

ESO Scheduling is an extremely flexible and scalable web-based employee scheduling software solution that makes scheduling easy, intuitive and cost-effective.

Made for:

EMS

SCHEDULE EASILY AND EFFICIENTLY.

Automatically generate and populate schedules, manage sick calls, fill open shifts, and more from any location, all online.

STAY CONNECTED.

Keep your staff aligned and connected with our message center. It's your communication hub for key conversations and updates.

CUSTOMIZE DYNAMIC DASHBOARDS.

In a fast-paced environment, nothing is more important than having the right data at your fingertips. Quickly navigate to your most used features with dynamic dashboards.

AUTOMATE CERTIFICATION TRACKING.

Keeping accurate records of certifications and licenses is simple with our fully integrated tools. Ensure that only employees with up-to-date credentials are out in the field.

MAKE PAYROLL PAIN FREE.

Generate error-free payroll with the click of a button. Create payroll reports for manual or automated entry across a variety of payroll platforms.

MANAGE EMPLOYEE TIME AND ATTENDANCE.

Time and attendance in ESO Scheduling provides accountability and cost savings for your agency. Get it right every time with exception reconciliation and tardy and absence tracking.
