Understand your data like never before. Whether you're an expert or a novice, Analytics gives you instant, flexible access to data for all levels of reporting.

Made for:

FIRE

INCLUDED WITH FIRE RMS.

Analytics is included with ESO Fire RMS, so you'll always have the power of data at your fingertips.

MAKE COMPLEX DATA UNDERSTANDABLE.

With one-click access to clinical and operational metrics, core measures and more, Analytics lets you tell your story in a way anyone can understand.

GET UP AND RUNNING IN MINUTES.

If you can use a mouse, you can use Analytics. Choose from dozens of prebuilt reports. Or create new measures from scratch. Understanding your data couldn't be easier.

TELL YOUR DATA STORY.

Filter reports, apply benchmarking and more to create easy to read data visualizations which you can use to support grant writing, city council reports and internal operations.

DRILL DOWN INTO YOUR DATA.

Sometimes you need a high-level summary, and sometimes you need deeper detail. Analytics does both: Just drag the sliders to customize your view. You can even access patient-level data with a single click.

In this data-driven healthcare environment... this robust system is simply revolutionary.

EMS WORLD INNOVATION AWARDS JUDGES, IN PRONOUNCING ESO ANALYTICS A WINNER.
