

ESO FIRE DATA API

ESO Fire Data API provides you with all your up-to-the-minute incident data the way you need it for automatic and optimized reporting.

Made for:

FIRE

NEAR-REAL-TIME DATA

Reports and dashboards are always updated with the newest information within minutes of ESO Fire Incidents data changing. Now, you'll never be a day behind with your data again.

THIRD-PARTY INTEGRATION

Any third-party visualization tool or database can integrate with ESO Fire Data API providing you with the flexibility to use any tool you'd like.

KEEP COPIES OF FIRE INCIDENTS DATA

Using your own database for reporting and dashboards? That's no problem! ESO Fire Data API allows you to keep feeding data into that same database, so you don't need to recreate reports and dashboards from scratch.

AUTOMATED ACCESS TO DATA

Easily set up automated or scheduled reporting based on any frequency you'd like, so the information you need is always right at your fingertips.
